

## INITIAL CONSULTATION CHECKLIST

To better assist you, please use the checklist below:

---

1. Complete the **Medical Questionnaire & Patient Demographic Form**.
2. Bring a neatly printed **list of all medications**, dosages and times taken.
3. Bring **Referral Form** from your Primary Care Physician (PCP) - if required by your insurance company.
4. If **RADIOLOGICAL STUDIES** have been performed, please bring **reports & actual films/pictures** on day of your visit. Please do not rely on your doctors office or radiological facility to send them. Please bring them yourself.
5. If **Biopsy** performed outside of Mt. Sinai, bring pathology slides.
6. If you have had surgery on your tumor, please bring **surgical reports**.
7. Discuss with your **medical insurance company**, the need for referrals for additional radiological studies as well as other tests, a biopsy, 2nd opinion radiology, 2nd opinion pathology and further treatment.
8. Discuss with your **primary care physician (PCP)**, the need for referrals for additional radiological studies as well as other tests, a biopsy, 2nd opinion radiology, 2nd opinion pathology and further treatment .
